Letter Of Reference – Vernon Constructions Pty Ltd

Vernon Constructions has completed three separate multimillion dollar projects at Macarthur Anglican School from 2022 to 2024.

The quality of work delivered for the School has been consistently outstanding. Thomas Taylor, Director, and his team are diligent, responsive and professional in their approach.

Projects undertaken by Vernon Constructions at the School have been completed efficiently and well within communicated timeframes. Furthermore, Vernon Constructions proactively engaged with the School after project completion to ensure that the School was fully satisfied with all aspects of the final product.

Vernon Constructions were excellent in their communication with the School at all stages throughout the construction period.

Vernon Constructions were cognisant of the day to day operations of the School environment, and adjusted their programs seamlessly as required.

It has been a pleasure working with Vernon Constructions over multiple construction projects.

Should you require any further information, please contact myself via email: dstewart@macarthur.nsw.edu.au

Regards,

David Stewart
Business Manager
